

## SPECIFICATION AMENDMENT SHEET

Please replace the first paragraph beginning on page 6 of the specification, line 3, with the below paragraph.

Figure 2 illustrates a top view of a cone roof FXR having a series of roof vents RV and roof vent covers CRV. Figure 2 also illustrates portions of a fixed or portable system for application of dry chemical, including top extension [TE] PE extending up and onto cone roof FXR. In the embodiment of Figure 2 pipe or line extension PE circles cone roof FXR proximate vents RV. A portion of pipe or line extension PE extends to vents RV such that the extension is capable of discharging dry chemical through the vent into cavity C in the tank.
